Standing from left:
Lau Tiang Hua, Teoh Teik Kean & Lim Beng Huat.

Neoh Choo Kean Independent Non-Executive Chairman

Neoh Choo Kean, 66, was appointed as our Independent Non-Executive Director on 23 May 2007. He was subsequently appointed non-executive Chairman of the Board of Directors on 2 April 2008. He obtained his Bachelor of Economics degree from the University of Malaya, and has over 25 years of experience in the banking industry and in the process, building up expertise in areas like credit and risk management, strategic planning and human resource management. He held the position of Chief Operating Officer in a local public listed bank before leaving it in 2001. Prior to this, he has also served as a director of BHLB Trustee Berhad and BHLB Properties Sdn Bhd, both wholly-owned subsidiaries of Ban Hin Lee Bank Berhad where he was the General Manager.

Since leaving the banking industry in 2001, he joined an Australian performance management consultancy company as a business associate. He has also undertaken advisory projects for a development financial institution as well as consultancy assignments for RAM Consultancy Services Sdn Bhd, a wholly-owned subsidiary of RAM Holdings Berhad.

Neoh Choo Kean is the Chairman of Remuneration Committee and a member of Audit Committee. He has attended all five (5) Board Meetings held during the financial year ended 31 March 2009. He does not have any relationship with any Director and/or major shareholders of the Company, nor does he have any conflict of interest with the Company. He has not been convicted for any offences within the past ten (10) years.

Loo Bin Keong Chief Executive Officer

Loo Bin Keong, 51, was appointed as Chief Executive Officer (”CEO”) on April 2, 2007. He is one of the founders of Scanwolf Plastic Industries Sdn. Bhd. (“SPI”), a wholly-owned subsidiary of the Company, and served as its Chairman/CEO until today. He is also the Chairman/CEO of Scanwolf Building Materials Sdn. Bhd. (“SBM”), which is also a wholly-owned subsidiary of the Company.

Loo Bin Keong has more than 30 years experience in the furniture fittings and plastic extrusion industries. He is credited with the early expansion and transformation of SPI into an integrated manufacturer of a wide range of extrusion products, specialising in edgebands and profiles. He has diverse practical experience in the marketing and management of the business.

Loo Bin Keong is a member of Remuneration Committee. He has attended four (4) out of the five (5) Board Meetings held during the financial year ended 31 March 2009. He does not have any relationship with any Director and/or major shareholders of the Company, nor does he have any conflict of interest with the Company except he is also the CEO and substantial shareholder of the Company. He has had no conviction for any offences within the past ten (10) years.

Tan Sin Keat Executive Director

Tan Sin Keat, 45, was appointed as our Executive Director on April 2, 2007. He is one of the founders of SPI and still served as its Executive Director. He also served as a Director of SBM.

Tan Sin Keat has more than 25 years experience in the extrusion industry and is currently responsible for the product and business development aspect of the Group. His skill, knowledge and experience in various areas of PVC extrusion business, including machinery fabrication and colour matching, contributed immensely to the growth of the Group.

Tan Sin Keat has attended all four (4) out of the five (5) Board Meetings held during the financial year ended 31 March 2009. He does not have any relationship with any Director and/or major shareholders of the Company, nor does he have any conflict of interest with the Company except he is also the Executive Director and substantial shareholder of the Company. He has had no conviction for any offences within the past ten (10) years.

Leuk Sing King Executive Director

Leuk Sing King, aged 48, was appointed as our Executive Director on April 2, 2007. He is one of the founders of SPI and still served as its Executive Director.

Leuk Sing King graduated with a Bachelor's Degree in Management Economics from the University of Guelph, Ontario, Canada in 1983. He has more than 20 years experience in the extrusion industry. He is currently responsible for the production and quality aspect of the business.

Leuk Sing King has attended all five (5) Board Meetings held during the financial year ended 31 March 2009. He does not have any relationship with any Director and/or major shareholders of the Company, nor does he have conflict of interest with the Company except he is also the Executive Director and substantial shareholder of the Company. He has had no conviction for any offences within the past ten (10) years.

Mr. Teoh Teik Kean Executive Director

Mr. Teoh Teik Kean, 52, was appointed as our Executive Director on 2 April 2007. He joined SPI in March 1, 2004 and is currently serving as its Corporate Planner.

Teoh Teik Kean graduated from Ungku Omar Polytechnic, Ipoh, Perak with a Diploma in Accountancy in 1977. Since his graduation, he has been working with a public listed local banking until he joined SPI on March 1, 2004. His last posting in the banking industry before joining SPI was as a Regional Business Development Manager. His contributions in SCB include ensuring the smooth and successful listing of the Group on the Second Board of Bursa Malaysia Securities Berhad.

Teoh Teik Kean is a member of Nomination Committee. He has attended all five (5) Board Meetings held during the financial year ended 31 March 2009. He does not have any relationship with any Director and/or major shareholders of the Company, nor does he have any conflict of interest with the Company except he is also the Executive Director and a shareholder of the Company. He has had no conviction for any offences within the past ten (10) years.

Lau Tiang Hua Independent Non-Executive Director

Lau Tiang Hua, 56, was appointed as our Independent Non-Executive Director on 23 May 2007. Chairman's Statement

Dear Shareholders,

On behalf of the Board of Directors, it is my pleasure to present to you the Annual Report and Audited Financial Statements of Scanwolf Corporation Berhad ("SCB") and its Group of Companies for the financial year ended 31 March 2009.

THE YEAR IN REVIEW

In my statement in the previous financial year, I cautioned that the year ahead, that is, the current financial year would be a challenging one in view of international economic uncertainties. Indeed the year 2008 proved to be even more turbulent for the global economies than earlier envisaged. Emanating from the severe financial crisis in the United States of America, reportedly even worse than that of the US 1930s depression, it soon impacted vitually all the economies around the globe, including Malaysia.Such is the severity that in the first quarter of 2009, Malaysia's GDP contracted by 6.2 per cent and for the whole year 2009, the Government expects a decline of between 4 to 5 per cent. However, with the stimulus packages put in earlier by the Government, it is positive that the second half of 2009 will begin to see improvements in our economic performance.

It is under this trying and volatile economic environment that Scanwolf Corporation Berhad Group had to operate in for the three quarters of 2008 and the first quarter of 2009 which make up our financial year. The beginning of the year 2008 saw the prices of fuel and energy rising to record levels which resulted in a steep rise in every aspect of our cost of production. Raw material cost rose to unprecedented levels and the Ringgit strengthened to its strongest level since 1997. All these factors led to a substantial increase in the cost of our products making them less competitive in terms of pricing and consequently had a severe impact on the financial performance of SCB.

In the face of the challenging market conditions in 2008, your management took various proactive steps to manage our resources more efficiently during the year. Some of these initiatives include refining the production process for quality improvements and tightening controls in all areas of production and administration to optimize the utilization of resources. With the implementation of these initiatives, the Group was able to achieve substantial cost-savings per month improving our cash resources.

Besides the improvement of resource management, your management also actively pursued new initiatives to expand its customer base particularly in the international marketing space. During the year, we participated in three (3) exhibitions, which included the Interzum Guangzhou 2009 held in Guangzhou, China, Index Dubai 2008 held in Dubai, UAE and the Malaysian International Furniture Fair held in Kuala Lumpur. Our Group markets our products locally and currently, also exports to 34 countries worldwide, in the ratio of 37 percent local sales to 63 percent foreign sales The Group's wide geographical coverage has made us less dependent on a single market and country.

On other corporate matters, the lease of land of 28,000 square metres of industrial land in Vietnam for future expansion of its business as previously highlighted is still ongoing. However, after the handover of the land now expected to be in 2010, your management will do a thorough evaluation of the prevailing economic and business conditions before proceeding with the construction of the proposed new factory to expand our production capacity.

Aside from business issues, during the financial year under review, your management continues to adhere strictly to the principles and best practices of good corporate governance which we have reported in greater details under our Statement On Corporate Governance.In particular, we are pleased to highlight the attention given to improving the skills of our human resources, the setting up of a management committee to better manage our foreign exchange exposure and the year-end financial support given to staff with school-going children to help mitigate their household expenses in the current difficult financial situation which has greatly increased staff morale.

FINANCIAL PERFORMANCE

Despite the deepening economic uncertainty, the Group has remained profitable for the financial year ended 31 March 2009 although its financial performance was not able to match that achieved in the previous financial year. Group revenue eased by 12.5 % to RM 36.95 million from RM42.25 million chalked up in the financial year 2008.

The Group pre-tax profit showed a decline of 73.9% to RM2.12 as compared to RM8.12 million recorded in the previous financial year. Profit after tax attributable to shareholders in 2009 amounted to RM1.33 million, a decrease of 81.8% from RM7.32 million previously.

The less than satisfactory result achieved in 2009 was largely due to the increase in production cost and the strengthening of the Ringgit. Export sales contributed 62.6% of the total revenue amounting to RM23.11 million as compared to RM28.47 achieved in 2008, decreasing by 18.8%. However, local sale grew by 0.4 % to RM13.84 million from RM13.78 million recorded in the previous financial year.

At the close of the financial year ended March 31, 2009, shareholders' fund stood at RM47.51 million. The cash flow and working capital situation remains at a healthy level as we move into the new financial year.

MOVING FORWARD – PROSPECTS AND OUTLOOK

With the World Bank projecting a global GDP growth of less than 1.0 percent in 2009 from 2.5 per recorded in 2008, many economies around the world will be struggling against the threat of prolonged recession. Malaysia's own GDP is expected by the Government to decline by 4 to 5 percent for the whole of 2009, although there are reports that the second half of 2009 will see improved economic performance. However, there are also some optimistic reports that some asian countries like China and India are showing signs of gradual economic recovery. Against these uncertain background, the financial year ahead is expected to continue to be challenging for SCB.

Amidst the uncertain global financial and economic crisis, furniture manufacturing and property development activities in Malaysia and countries that we export to are expected to slow down further in 2009.

Despite the challenging circumstances, the Group continues to be fundamentally strong with healthy financials and we will strive to remain competitive moving forward. Our Group will continue its strategies of further entrenching our products across all furniture and building material market segments, to further expand our geographical reach both in the domestic and international markets, as well as to introduce more new products to serve our existing and new customers.

The Group's main strategy for 2009 is to build on our existing markets in Asean, Middle East and the Indian Continent. Our key emphasis for the year will be on strengthening our market position in these regions and also locally with the main focus on improving product quality and efficient service. Noting the improved contribution of the domestic sales over this financial year, more marketing resources will be put in place to tap local sales. In addition, our Group will continue to explore new potential foreign markets by participating in international trade fairs for our products.

In view of the current global financial and economic crisis, the Group will continue to practice prudent management, ensure cost effectiveness, improve staff development and productivity and implement good business practices and strategies to meet the challenges ahead.

The Board of Directors and the Management is confident that the Group will be able to weather through this severe global crisis and believe that we will emerge stronger after this turbulent economic cycle. While the Group's businesses will be affected, the Group is expected to remain profitable in the coming financial year.

DIVIDEND

In spite of the challenging year and the lower profit performance, we pleased to be able to continue to reward our loyal shareholders.

For the financial year 2009, the Group has paid an interim tax-exempt dividend of 1 sen per ordinary share of RM0.50 each amounting to RM0.8 million on 18th January 2009. The Board of Directors is pleased to recommend a final tax-exempt dividend of 2 sen per ordinary of RM0.50 each amounting to RM1.6 million in respect of the financial year ended 31 March 2009, bringing the total dividend declared for the year to 3 sen per ordinary of RM0.50 each amounting to RM2.4 million. The final dividend is subject to shareholders' approval at the forthcoming Annual General Meeting.

ACKNOWLEGEMENT

The Board of Directors would like to express our sincere appreciation to the management and staff for their continued dedication, commitment and loyalty to the Group.

The commitment of the management, staff and Board of Directors as well as the co-operation and support of customers and shareholders will be the foundation for the Group to meet new challenges in the years ahead.

The Board of Directors would also like to express our sincere appreciation to our customers, shareholders, business associates, government authorities and bankers for their continued confidence and support in SCB.

Last but not least, my personal vote of thanks to my fellow Directors for the fine team work, cooperation, assistance and advice which makes my job as Chairman both pleasant and productive.

NEOH CHOO KEAN
Independent Non-Executive Chairman

THE MALAYSIAN CODE ON CORPORATE GOVERNANCE SETS OUT THE PRINCIPLES AND BEST PRACTICES ON STRUCTURES AND PROCESSES USED TO DIRECT AND MANAGE THE BUSINESS AND AFFAIRS OF THE COMPANY TOWARDS ENHANCING CORPORATE ACCOUNTABILITY WITH THE OBJECTIVE OF REALISING LONG-TERM SHAREHOLDER VALUE, WHILST TAKING INTO CONSIDERATION THE INTEREST OF OTHER STAKEHOLDERS.

Scanwolf Corporation Berhad ("SCB") attaches great importance to the practice of good corporate governance in the pursuit of its business goals and objectives, believing this to be a fundamental step in safeguarding the interests of all its stakeholders and enhancing shareholders' value. The Board of Directors therefore adopts a high standard of corporate governance in all areas of its activities in line with the principles and best practices as set out in the Malaysian Code on Corporate Governance.

The Board is pleased to report on the main corporate governance practices of the Group for the year ended 31 March 2009.

BOARD OF DIRECTORS ("THE BOARD")

The Board of SCB assumes full responsibility of controlling and providing the direction for the Group in formulating policies, setting strategic focus and priorities and overseeing viable investments and the sound operations of the Group

During the financial year under review, as a result of the growing international financial crisis and economic downturn, the Board closely monitored the prevailing business and market conditions in the country as well as in those other countries where its products are exported to and through the Management took proactive measures to mitigate any adverse impact faced by the Group.

In performing its tasks, the Board delegates certain responsibilities to three (3) Board Committees namely Audit Committee, Nomination Committee and Remuneration Committee, all of which operate within clearly defined terms of reference and the role of these committees are further highlighted in pages 26 to 29.

Board Composition and Balance

The Board currently comprises of four (4) Executive Directors and three (3) independent Non--Executive Directors, headed by an independent Non-Executive Chairman. The profile of each director is presented on pages 8 to 10 of this Annual Report.

The Board of SCB has a good balance of Executive and Non-Executive Directors with a strong combination of appropriate skills in management, operational and decision-making processes and enjoys the benefit of good balance in terms of participating minds during deliberation and discussions. The members of the Board have always acted independently in expressing their thoughts and views without any influence from any other members. This enables the Board to operate in an atmosphere of equitable power and authority, thus avoiding situations where individuals or a group of individual may seek to dominate.

All members of the Board are individuals who are committed to business integrity and professionalism. Their extensive work experiences in various fields enable them to exercise balance and sound judgment on issues of group strategy, performance, resource planning and utilization and standards of conduct.

Role of the Chairman and the Chief Executive Director

There is a clear accepted division of responsibility between the Non-Executive Chairman of SCB and its Chief Executive Director ("CED"). The positions of the Chairman and CED are held by separate persons to ensure a clear demarcation of responsibilities.

The Non-Executive Chairman is entrusted, along with the other members of the Board, the task of developing the Group's overall business policies and strategic direction whilst the CED is responsible for the implementation of such policies and decisions as well as serve as a link to the Board in providing feedbacks on the business operations. The CED, in his day-to-day management of the Group, is ably assisted by the Executive Directors.

Board Responsibilities and Duties

During the year under review, the Board retained full and effective control over the affairs of the Group. The primary focus of the Board is on the overall strategic planning, performing periodic reviews of business and financial performance, adopting and reviewing risk management and internal controls and ensuring legal statutory compliance.

The presence of independent non-executive directors further strengthens the Board in providing unbiased and independent views, advices and judgements as well as to safeguard the interest of the minority shareholders. The Board also contributes to the formulation of policies and decision-making through their expertise and experience.

Apart from the above, the Board's more specific responsibilities include the following:-

- Reviewing and guiding the Group's corporate strategy and adopting a strategic plan for the Group through the development of risk policy, annual budgets and long term business plans, reviewing major capital expenditures and acquisitions.

- Monitoring corporate performance and the conduct of the Group's business and ensuring compliance to best practices and principles of corporate governance.

- Identifying and implementing appropriate controls to manage principal risks. The Board undertakes this responsibility through the Audit Committee.

- Ensuring the existence of and reviewing the adequacy and soundness of the Group's financial systems, internal control systems and management systems in compliance with applicable standards and laws and regulations.

- Developing and implementing an investor relation programme or shareholders' communication policy for the Group.

Board Meetings

Board meetings are planned ahead and the meeting dates are approved in advance by the Board at each quarterly meeting to enable the directors to plan and adjust their schedules to ensure good attendance and the expected degree of attention given to the Board agenda. A minimum of four (4) scheduled meetings are planned for the financial year.

The scheduled meetings of the Board are timed to take into account the need to review and deliberate on the Group's quarterly financial results before their announcement to Bursa Malaysia Securities Berhad.

The Board meetings are also scheduled to facilitate review of financial and operational performance of the Group at appropriately paced intervals. Additional meetings are held as and when deemed necessary.

The agenda for the Board meetings are discussed and cleared with the Chairman prior to the meeting dates. All Board papers for consideration are distributed in advance to ensure the directors have sufficient time to prepare for the relevant discussion during the meetings.

In terms of listing rules and regulations and other statutory requirements, the Board is guided by the Company Secretary. The Company Secretary is required to update the Board on the latest rules and regulations from Bursa Malaysia and all other relevant governmental authorities.

There were five (5) meetings held during the financial year ended 31 March 2009. All Directors attended the five (5) meetings except for the CED Mr. Loo Bin Keong and ED Mr. Tan Sin Keat who both missed one (1) meeting due to oversea business engagement. In addition, the Executive Directors meet regularly to discuss corporate strategy, business operations and results of the business units in the Group.

Board Committees

Supporting the Board in carrying out its responsibilities, the three (3) Board Committees play an important role of effectively helping in the periodic monitoring, deliberating and safeguarding of shareholders interest.

These Board Committees' contributions provide added assurance and accountability to shareholders.

The Board Committees, comprising of members from the Board itself, are empowered to deliberate and examine issues delegated to them and provide feedbacks to the Board with their recommendations and comments.

The Board Committees are as follows:-

A) Audit Committee

The Audit Committee operates under a clearly defined terms of reference stating its roles and responsibilities in ensuring the quality and integrity of the practices of the Group.

The Audit Committee comprises of three (3) Board members, all of whom, including the Chairman, are independent non-executive directors. The selection of members of the Audit Committee is designed to ensure a balance in the members' roles and responsibilities within the Committee.

The principal objective of the Committee is to assist the Board in ensuring the Group's process of assessing internal controls, corporate governance and other compliance requirements of the Group have been, and are in full effect.

In accordance with the best practices of corporate governance, the Audit Committee presents its report on pages 26 to 29 of this Annual Report.

B) Nomination Committee

The primary responsibility of the Nomination Committee is to ensure proper Board succession for the Group by considering and recommending eligible candidates for directorship in the Board.

The Nomination Committee comprises of three (3) Board members, two (2) of whom, including the Chairman, are independent non-executive directors and the other is an executive director.

The Committee's duties and other responsibilities include:-

i) Making appropriate recommendations to the Board on matters of renewal, extension, retirement, appointment and re-appointment of director.

ii) Assessing and recommending suitable candidate for directorship and ensuring an appropriate plan for Board succession for the Group.

iii) Reviewing annually the mix of skills and experience and the effectiveness of the Board as a whole, the committees of the Board and contributions of each individual director to the decision making process of the Board.

During the year under review, the Nomination Committee held one meeting to review the effectiveness of the Board and to recommend the reappointment of directors.

C) Remuneration Committee

The Remuneration Committee operates in its established structure and policy given by the Board which includes the following responsibilities and duties:-

i) To review and recommend to the Board the policy and framework for the directors' remuneration and benefits including those for executive directors and key senior management personnel, ensuring that the level of remuneration and benefits are sufficiently competitive to attract, motivate and retain a team of executive directors and key management executives to manage the Group successfully and profitably.

ii) Reviewing and recommending to the Board the contributions and performance of executive directors and key management executives on an annual basis to determine the level of rewards, both monetary and non-monetary, to be rewarded to them based on the Group's financial performance.

iii) To evaluate and recommend to the Board, any other policies and matters related to payments to directors and key management executives as may be referred to it by the Board from time to time.

The Committee consists of three (3) directors of which two (2) are independent directors. The Chairman is an independent non-executive director.

During the year under review, the Remuneration Committee met a total of four (4) times. The Remuneration Committee undertook a review of the duties and responsibilities of the Executive Directors, their remuneration and benefits with the assistance of an independent and experienced human resource consultant and subsequently made recommendations for the consideration and approval of the Board.

Supply of Information

Every member of the Board has full and unrestricted access to senior management within the Group and is entitled to advice and services of the Company Secretary.

The Board members are supplied with required and timely information which allow them to discharge their responsibilities effectively and efficiently. Prior to each meeting, every director is given the complete agenda and a set of Board papers for each agenda item to be deliberated.

The directors have the consent of the Board, whether acting as full Board or in their individual capacity to take independent professional advice, where necessary, in furtherance of their duties. However, no such advice was sought by any of the directors during this financial year.

Directors' Training

The Board encourages its directors to participate in talks, seminars, workshops and conferences to update and enhance their skills and knowledge to enable them to carry out their roles effectively and in discharging their responsibilities towards corporate governance with particular attention to operational and regulatory issues.

In compliance with the Listing Requirements of Bursa Malaysia Securities Berhad, all members of the Board have completed the Mandatory Accreditation Programme (MAP).

Appointment of Directors

The Board appoints its members through a formal process that is consistent with the Company's Articles of Association.

The proposed appointment of new members to the Board, as well as their re-election at the Annual General Meeting are recommended by the Nomination Committee to the Board for approval.

New members of the Board are encouraged to undergo an in-house company training programme to familiarize with the operation of the Group.

Re-election of Directors

In accordance with the Articles of Association of the Company, one-third of the Board of Directors shall retire from office at each Annual General Meeting and, subject to eligibility, may offer themselves for re-election.

Directors who are appointed by the Board during any part of the year shall hold office until the next Annual General Meeting of the Company and they shall retire and be eligible for re-election.

Directors' Remuneration

The Board has empowered the Remuneration Committee to deliberate, examine and propose the compensation level of remuneration for directors guided by the need to attract and retain directors with the right caliber and experience to run the Group successfully.

The Remuneration Committee is placed with the responsibility to set the framework and benchmark values on compensation and benefits in line with market norms and industry practices. The Committee strives to ensure adoption of fair structure of compensation comparable to those organizations of similar size, market sector and business complexity.

Details of the Directors' remuneration for the financial year ended 31 March 2008 are as follows:-

ACCOUNTABILITY AND AUDIT

Financial Reporting

The Board of SCB acknowledges its responsibility to ensure that the Group's financial statement presents a true and fair assessment of the state of affairs and are in accordance with the applicable and approved accounting standards in Malaysia and the provisions of the Companies Act, 1965.

The Board is also committed to provide the highest level of disclosure possible to ensure integrity and consistency of financial reports

The Group publishes full financial statements annually and condensed financial statements quarterly as required by Bursa Malaysia Securities Berhad Listing Requirements.

The Audit Committee assists the Board in scrutinizing information for disclosure to ensure accuracy, adequacy and completeness. The Statement by the Directors pursuant to Section 169 of the Companies Act, 1965 is set out on page 86 of this Annual Report.

The Statement of Directors' Responsibility is also enclosed in page 86 of this Annual Report.

Internal Control

The Board of SCB acknowledges its overall responsibility for continuous maintenance of a sound system of internal control to safeguard shareholders' investments and Company's assets.

The Internal Audit function which is outsourced, acts as support to the Board through the Audit Committee to undertake review, assess and provide feedbacks on the effectiveness of the internal control systems in place and the compliance of the operating system to such controls. The Internal Auditor reports to the Audit Committee which reviews the tasks and results of the audit assignment periodically. The Internal Auditor operates independently from the management of the Group.

In line with the requirement of the Bursa Malaysia Securities Berhad, a Statement on Internal Control is set out from pages 24 to 25 in this Annual Report.

Relationship With Auditors

The Group's internal and external auditors continue to provide independent assurance to shareholders on the Group's operational controls and financial statements. The Group, through the Audit Committee, has established a transparent and appropriate relationship with the auditors to meet their professional requirements.

The auditors are invited to attend the Audit Committee meetings as and when required apart from the scheduled meeting when the external auditors present the audited financial statement of the Group to the Committee. During such meetings, the auditors highlight and discuss the nature, scope of the audit, internal controls and problems that may require the attention of the Board.

During the year under review, the Audit Committee met a total of two (2) times with the external auditors. Meetings with auditors were held without the presence of the management.

SHAREHOLDERS' COMMUNICATIONS

The Board is continuously maintaining adequate communication with shareholders by dissemination of information on performance and strategic decisions via the distribution of Annual Reports, Circulars, Quarterly Financial Reports, press releases and announcements.

The Annual General Meeting ("AGM") of the Company provides a forum for shareholders to participate effectively in the deliberation on the Group's affairs including resolutions tabled at the AGM. All shareholders will have direct access to Board members at this AGM.

STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF THE CODE

In compliance with the Best Practices of the Code, the Board hereby provides the assurance that it has maintained a high standard of corporate governance throughout the Group and has strived to achieve the highest level of integrity and ethical standard in all its business dealings.

This statement is made in accordance with the resolution of the Board of Directors dated 8 July 2009.

Corporate Social Responsibility Statement

Scanwolf Corporation Berhad ("SCB") recognizes that Corporate Social Responsibility ("CSR") is a continuing commitment by businesses to behave ethically and contribute to the nation's economic development while improving the quality of live of the workforce and their families as well as the local community and society at large.

The Board of Directors and the management of SCB fully embrace the initiatives taken by the Government and Bursa Securities Berhad to increase the awareness of CSR among Malaysian companies. The principal approach towards CSR is the integration of business practices with strong ethical value towards achieving the fiscal goals of the Group, while at the same time aligning with the aspirations of society, local community and other stakeholders in general.

SCB is also conscious of the environment we operate in and continuously seek to equip our employees with the tools and skills needed to effectively support the Group. We are also committed to society at large, contributing in meaningful ways to make a difference in the lives of the community.

It is with this appreciation and understanding that SCB presents the CSR statement for the financial year ended March 31, 2009.

Human Resource Development

SCB believes that employees with good knowledge, competent skills and positive attitude are among the cornerstones for the Group's continuing success. Thus we are always actively creating opportunities for our employees to develop and realize their full potential through formal and informal training opportunities, whether on the job or outside the job. This includes participation in external or internally organized trainings in various job related areas.

Employee performance review is conducted for each employee on an annual basis. The objective of the performance review is to provide a systematic and comprehensive approach in evaluation of employee performance in relation to competencies and agreed deliverables. The outcome of the review is used to establish the employees' development plan, training needs, career aspirations and appropriate remuneration package.

To achieve better working relationship among colleagues, annual events such as staff annual dinner and short holiday trips are organized to foster better unity and understanding among workforce.

The Board also recognizes the impact of the financial crisis on the lower income group of employees. In its November quarterly meeting, the Board approved the disbursement of a one-off subsidy to this group of lower income employees with school going children for the purchase of books, school uniforms and shoes. The fund was disbursed in December 2008 before the new school term reopens.

Safety And Health

The Occupational Safety and Health policy in SCB is committed to the provision of a safe and healthy working environment for employees in the Group. The Occupational Safety and Health Committee was set up as part of the Group's plan to ensure a healthy and safe working environment for the employees. The Committee is chaired by an Executive Director and its members include employees from various departments of the Company. The Committee ensures that all initiatives on safety and health implemented by the Group are appropriately adhered to.

Environmental Management

As part of our CSR agenda, we strive to minimize any adverse impact our operation may have on the environment and to achieve continuous improvement with regards to our factory's environmental performance.

Industrial wastes are properly disposed of by a licensed industrial waste collector on a regular and systematic manner. Recyclable items such as carton boxes, plastic and tin containers and wooden pallets are sold off and the proceeds contributed to staff fund for the benefit of the staff.

In our effort to continuously improve our environmental management, a chemical recycling machine was purchased during this financial year to recycle one of the heavily used chemical. The recycling machine has enabled us to reduce the purchased of the said chemical by more then 50%, thus reducing industrial waste substantially and at the same time enables us to reduce cost. The payback period for the cost of the recycling machine is estimated to be about 10 months.

Community

As a responsible corporate citizen, SCB has, from time to time, made financial contributions and donations to various organizations and schools. SCB places great importance in educating and providing healthy sporting and social activities for the young in our country and as part of its corporate social responsibility, it has contributed financially to schools, colleges, youth bodies and charitable organizations for them to carry out their various programmes.

For this financial year, two (2) schools, a private education fund, local police contingent and a sport association received the Company's support.

Our Commitment

Scanwolf Corporation Berhad will continue to enhance its commitment towards Corporate Social Responsibility to ensure that all stakeholders will be able to benefit from our existence.

Statement on Internal Control

Introduction

In relation to internal control, pursuant to the requirements under the Malaysian Code on Corporate Governance for companies listed on the Bursa Malaysia Securities Berhad, your Board of Directors of Scanwolf Corporation Berhad recognises the importance of a sound system of internal control to safeguard shareholders' investments and the Group's assets.

Board Responsibilities

Your Board recognises the importance of a sound system of internal controls and risk management framework to good corporate governance practices. The Board affirms its overall responsibility for the Group's system of internal controls and risk management, and for reviewing the adequacy and integrity of those systems.

However, it should be noted that such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives. In addition, any system could provide only reasonable, and not absolute assurance against material misstatement or loss.

The Board has in place an ongoing process for identifying, evaluating, monitoring and managing the significant risks affecting the achievement of its business objectives throughout the period. This process is regularly reviewed by the Board which dedicates time for discussion on this subject.

The Group's system of internal controls comprises the following key elements:

Board meetings

Your Board meets at least quarterly and has a formal agenda on matters for discussion. The Chairman leads the meeting and provides the forum for comprehensive deliberations of important issues before arriving at any decision.

Organisational structure

Clearly defined delegation of responsibilities to the committees of the Board and to the management including authorization level for all aspects of the business is in place. The Board committees which are in place are the Audit Committee, the Nomination Committee and Remuneration Committee.

Operational Policies

There are policy guidelines and authority limits imposed on Executive Directors and management within the Group in respect of the day-to-day operations including acquisitions and disposal of assets.
Risk Management

Your Board is fully aware of the principal risks faced by the Executive Directors and management in the day-to-day operations of the Group. In this respect, the Audit Committee plays a very active role in identifying risk areas for deliberation and action.

Internal Audit Function

The Internal Audit function is outsourced to a professional firm specializing in providing internal audit services. Internal audits are carried out based on the annual audit plan approved by the Audit Committee and this include regular and systematic review of the internal controls and to provide the Audit Committee with sufficient assurance that the operational controls are effective in addressing the risks identified.

The internal auditor will report his findings and recommendations to the Audit Committee for deliberations in the quarterly meetings. Such deliberations are conducted with the presence of the Management. Once the recommendations are accepted, the Management will see to their implementation.

Some weaknesses in internal control were identified for the year under review but these are not deemed significant and hence have not been included in this statement, as these weaknesses have not materially impacted the business or operations of the Group.

This Statement has been approved by a resolution of your Board of Directors dated 8 July 2009 and has been reviewed by the external auditors

OTHER FINANCIAL INFORMATION

Before the income statements and the balance sheets of the Group and of the Company were made out, the Directors took reasonable steps:

(a) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and have satisfied themselves that all known bad debts have been written off and that adequate allowance had been made for doubtful debts; and

(b) to ensure that any current assets which were unlikely to realise their book values in the ordinary course of business have been written down to their estimated realisable values.

At the date of this report, the Directors are not aware of any circumstances:

(a) which would render the amount written off for bad debts or the amount of allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or

(b) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or

(c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or

(d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

(a) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year and secures the liability of any other person; or

(b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Group and of the Company for the financial year in which this report is made.

DIRECTORS

The following Directors served on the Board of the Company since the date of the last report:

Mr. Loo Bin Keong
Mr. Tan Sin Keat

None of the other Directors in office at the end of the financial year held shares or had beneficial interest in the shares of the Company or its related corporations during the financial year.

DIRECTORS' BENEFITS

Since the end of the previous financial year, none of the Directors of the Company has received or become entitled to receive any benefit (other than the benefit included in the aggregate amount of emoluments received or due and receivable by Directors as disclosed in the financial statements or the fixed salary of a full time employee of the Company) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which he is a member, or with a company in which he has a substantial financial interest except for any benefit which may be deemed to have arisen by virtue of the transactions between the Group and a company in which a Director of the Company has substantial financial interest as disclosed in Note 20 to the Financial Statements.

During and at the end of the financial year, no arrangement subsisted to which the Company was a party whereby Directors of the Company might acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

AUDITORS

The auditors, Messrs. Deloitte KassimChan, have indicated their willingness to continue in office.

Signed on behalf of the Board
in accordance with a resolution of the Directors,

MR. LEUK SING KING

MR. TAN SIN KEAT

Independent Auditors' Report
to the members of Scanwolf Corporation Berhad
(Incorporated in Malaysia)

Report on the Financial Statements

We have audited the financial statements of Scanwolf Corporation Berhad, which comprise the balance sheets of the Group and of the Company as of March 31, 2009 and the income statements, statements of changes in equity and cash flow statements of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 39 to 85.

Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with the applicable Financial Reporting Standards in Malaysia and the Companies Act, 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility towards any other person for the contents of this report.

We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with the applicable Financial Reporting Standards in Malaysia and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as of March 31, 2009 and of their financial performance and cash flows for the year then ended.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report that:

(a) in our opinion, the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and its subsidiary companies have been properly kept in accordance with the provisions of the Companies Act, 1965;

(b) we are satisfied that the financial statements of the subsidiary companies that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group, and we have received satisfactory information and explanations as required by us for these purposes; and

(c) our auditors' reports on the financial statements of the subsidiary companies were not subject to any qualification and did not include any comment made under sub-section (3) of Section 174 of the Companies Act, 1965.

1. GENERAL INFORMATION

The Company is a limited liability company, incorporated and domiciled in Malaysia.

The Company is principally an investment holding company.

The principal activities of the subsidiary companies are disclosed in Note 16.

There have been no significant changes in the nature of the principal activities of the Company and its subsidiary companies during the financial year.

The registered office of the Company is located at 41, Jalan Medan Ipoh 6, Bandar Baru Medan Ipoh, 31400 Ipoh, Perak Darul Ridzuan.

The principal place of business of the Company is located at Lot PT 404, Jalan Bota, 31750 Mukim Belanja, Tronoh, Perak Darul Ridzuan.

The financial statements of the Group and of the Company were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on July 8, 2009.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS AND ADOPTION OF NEW AND REVISED FINANCIAL REPORTING STANDARDS ("FRS")

The financial statements of the Group and of the Company have been prepared in accordance with the provisions of the Companies Act, 1965 and in compliance with the applicable Financial Reporting Standards in Malaysia.

During the financial year, the Group and the Company adopted all of the new and revised Standards and Interpretations issued by the Malaysian Accounting Standards Board that are relevant to their operations and effective for financial years beginning on or after July 1, 2007. The adoption of these new and revised Standards and Interpretations have not resulted in material changes to the Group's and the Company's accounting policies.

At the date of authorisation of these financial statements for issue, the following Standards and Interpretations were issued but were not yet adopted by the Group and by the Company:

Standards/IC Interpretation ("Int.")	***Title***	***Effective for annual periods beginning on or after***
FRS 1*	First-time Adoption of Financial Reporting Standards (Amendments relating to cost of an investment in a subsidiary, jointly controlled entity or associate)	January 1, 2010
FRS 2*	Share-based Payment (Amendments relating to vesting conditions and cancellations)	January 1, 2010
FRS 4*	Insurance Contracts	January 1, 2010
FRS 7	Financial Instruments: Disclosures	January 1, 2010
FRS 8	Operating Segments	July 1, 2009
FRS 123	Borrowing Costs (Revised)	January 1, 2010
FRS 127*	Consolidated and Separate Financial Statements (Amendments relating to cost of an investment in a subsidiary, jointly controlled entity or associate)	January 1, 2010

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS AND ADOPTION OF NEW AND REVISED FINANCIAL REPORTING STANDARDS ("FRS") (cont'd)

Standards/IC Interpretation ("Int.")	***Title***	***Effective for annual periods beginning on or after***
FRS 139	Financial Instruments: Recognition and Measurement	January 1, 2010
Int. 9	Reassessment of Embedded Derivatives	January 1, 2010
Int. 10	Interim Financial Reporting and Impairment	January 1, 2010
Int. 11	FRS 2 – Group and Treasury Share Transactions	January 1, 2010
Int. 13	Customer Loyalty Programmes	January 1, 2010
Int. 14	FRS 119 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and Their Interaction	January 1, 2010

* These new and amended FRSs are not applicable to the Group and to the Company.

FRS 7, Financial Instruments: Disclosures

FRS 7, which is applicable to all financial instruments held by the Group and by the Company except those specified in paragraph 3 of FRS 7, requires the Group and the Company to provide disclosures in their financial statements that enable users to evaluate:

(a) the significance of financial instruments on the financial position and performance of the Group and of the Company; and

(b) the nature and extent of risks arising from financial instruments to which the Group and the Company are exposed during the period and at the end of the reporting period, and how the Group and the Company manage those risks.

However, the extent of disclosures required depends on the extent of the use of financial instruments of the Group and of the Company and of their exposure to risks.

FRS 8, Operating Segments

FRS 8, which replaces FRS 114, Segment Reporting, requires identification and reporting of segments based on internal reports that are regularly reviewed by the Group's chief operating decision maker in order to allocate resources to the segment and to assess its performance. Currently, the Group presents primarily segment information in respect of its business segments (see Note 5). The adoption of FRS 8 is not expected to have significant impact on the financial statements of the Group other than expanded disclosure requirements.

FRS 123, Borrowing Costs (Revised)

FRS 123 (Revised) eliminates the option available under the previous version of FRS 123 to recognise all borrowing costs immediately as an expense. An entity shall capitalise borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. This principal change in the Standard has no impact on the financial statements of the Group and of the Company in the period of initial application as it has always been the Group's and the Company's accounting policy to capitalise borrowing costs incurred on qualifying assets.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS AND ADOPTION OF NEW AND REVISED FINANCIAL REPORTING STANDARDS ("FRS") (cont'd)

FRS 139, Financial Instruments: Recognition and Measurement

This new standard establishes principles for recognising and measuring financial assets, financial liabilities and certain contracts to buy and sell non-financial items. Hedge accounting is permitted only under strict circumstances. The Group and the Company will apply this standard when it becomes effective.

The impact of applying FRS 7 and FRS 139 on the financial statements upon first adoption as required by paragraph 30(b) of FRS 108, Accounting Policies, Changes in Accounting Estimates and Errors is not disclosed by virtue of the exemptions given in the respective standards.

3. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The measurement basis applied in the preparation of the financial statements of the Group and of the Company includes historical cost, recoverable value, realisable value and fair value.

Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Group made up to March 31, 2008.

Control is achieved where the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its operations. Control is presumed to exist when the Company owns, directly or indirectly through subsidiary companies, more than one half of the voting rights of the said company.

Financial statements of Scanwolf Plastic Industries Sdn. Bhd. Group ("SPI Group") are consolidated with those of the Company using the reverse acquisition method of accounting.

FRS 3 requires that the consolidated financial statements to be issued under the name of the legal parent company, though they are a continuation of the financial statements of the legal subsidiary. In order to comply with FRS 3, the following have been reflected in the consolidated financial statements:

(i) the assets and liabilities of the Company and SPI Group have been recognised at their book values immediately prior to the reverse acquisition;

(ii) the retained earnings and other equity balances recognised in the consolidated financial statements are those of SPI Group immediately before the business combination;

(iii) the amount recognised as issued equity instruments in the consolidated financial statements is the sum of:

    a) the issued and paid-up share capital of SPI immediately before the reverse acquisition; and

    b) the cost of achieving the combination;

(iv) the equity structure appearing in these consolidated financial statements after the reverse acquisition reflects the equity structure of the Company.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Basis of Consolidation (cont'd)

The acquisition of other subsidiary company is accounted for using acquisition method of accounting. The cost of the business combination is measured as the aggregate of the fair values (at the date of exchange) of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree, plus any costs directly attributable to the business combination. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under FRS 3, Business Combinations are recognised at their fair values at the acquisition date.

The results of subsidiary companies acquired or disposed of during the financial year are included in the consolidated financial statements from the effective date of acquisition or up to the effective date of disposal.

Where necessary, adjustments are made to the financial statements of subsidiary companies to bring their accounting policies in line with those used by other members of the Group.

All significant intergroup transactions, balances and resulting unrealised gains are eliminated on consolidation. Unrealised losses are eliminated on consolidation unless costs cannot be recovered.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable net of sales tax, trade discounts and customer returns.

Sale of goods

Revenue from sale of goods is recognised when all the following conditions are satisfied:

- the Group has transferred to the customer the significant risks and rewards of ownership of the goods;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Group; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rental income

Rental income is accrued on a time basis, by reference to the agreement entered. Rental income from investment property is recognised on a straight-line basis over the term of the relevant lease.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the interest rate applicable.

Dividend income

Dividend income represents gross dividends from unquoted investments and is recognised when the shareholder's right to receive payment is established.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Foreign Currencies

The financial statements of the Group and of the Company are presented in Ringgit Malaysia, the currency of the primary economic environment in which the Group and the Company operate (their functional currency).

In preparing the financial statements of the Group and of the Company, transactions in currencies other than the Group's and the Company's functional currency are initially recorded in Ringgit Malaysia at the rates of exchange prevailing on the date of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the balance sheet date. Non-monetary items carried at fair value that are initially denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences are recognised in profit or loss in the period in which they arise.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is recognised directly in equity.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the year in which they are incurred.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's and the Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Taxation (cont'd)

Deferred tax

Deferred tax is recognised on difference between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the balance sheet liability approach. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner which the Group and the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax for the year

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited directly to equity, in which case the tax is also recognised directly in equity, or where they arise from the initial accounting for a business combination. In the case of a business combination, the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

Employee Benefits

Short-term employee benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences and short-term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

Defined contribution plan

The Group is required by law to make monthly contributions to the Employees' Provident Fund ("EPF"), a statutory defined contribution plan, for all its eligible employees based on certain prescribed rates of the employees' salaries. The Group's contributions to the EPF are recognised as an expense when employees have rendered service entitling them to the contributions and are disclosed separately. The employees' contributions to EPF are included in salaries and wages.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Property, Plant and Equipment

Property, plant and equipment are stated at cost or valuation less accumulated depreciation and accumulated impairment losses, if any.

Buildings stated at valuation are revalued at regular intervals of at least once in every five years by the Directors based on the valuation reports of independent professional valuers using the "open market value on existing use" basis with additional valuation in the intervening years where market conditions indicate that the carrying values of the revalued assets differ materially from the market value.

An increase in the carrying amount arising from revaluation of property, plant and equipment is credited to the revaluation reserve account as revaluation surplus. Any deficit arising from revaluation is charged against the revaluation reserve account to the extent of a previous surplus held in the revaluation reserve account for the same asset. In all other cases, a decrease in carrying amount is charged to profit or loss. An increase in revaluation directly related to a previous decrease in carrying amount for that same asset that was recognised as an expense, is credited to profit or loss to the extent that it offsets the previously recorded decrease. On disposal of revalued assets, the amounts in revaluation reserve account relating to the assets disposed are transferred to retained earnings.

Depreciation is charged so as to write off the cost of assets, other than capital work-in-progress, over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

Capital work-in-progress is stated at cost and is not depreciated. Capital work-in-progress comprises contractors' payments and directly attributable costs incurred in preparing these assets for their intended use. Depreciation on assets under construction commences when the assets concerned are ready for their intended use.

Annual depreciation rates used to depreciate other property, plant and equipment over their estimated remaining useful lives are as follows:

Factory buildings	2%
Plant and machinery	10%
Moulds	20%
Motor vehicles	20%
Office equipment	10%
Computers	20%
Furniture, fixtures and fittings	8%
Tools and equipment	10%
Electrical installation	10%
Air-conditioners	10%
Signboard	10%
Renovation	10%

Upon the disposal or retirement of an item of property, plant and equipment, the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Property, Plant and Equipment under Hire-Purchase Arrangements

Assets acquired under hire-purchase arrangements which transfer substantially all of the risks and rewards incident to ownership of the assets are capitalised under property, plant and equipment. The assets and the corresponding hire-purchase obligations are recorded at their fair values or, if lower, at the present value of the minimum lease payments of the assets under hire-purchase at the inception of the respective arrangements.

Finance costs, which represent the difference between the total hire-purchase commitments and the fair values of the assets acquired, are charged to profit or loss over the term of the relevant hire-purchase period so as to give a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

Prepaid Lease Payments

Leasehold land that normally has an indefinite economic life and where the title is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. Payments made on entering into or acquiring a leasehold land is accounted as prepaid lease payments and are amortised over the lease term of the land ranging from 45 to 87 years.

Investment Property

Investment property, which is property held to earn rentals and/or for capital appreciation, is measured initially at its costs. Subsequent to initial recognition, investment property is measured at fair value. Fair value is arrived by reference to market evidence of transaction prices for similar properties. Gain or loss arising from changes in the fair value of investment property is included in profit or loss for the year in which they arise.

Investment in Subsidiary Company

Investment in subsidiary company, which is eliminated on consolidation, is stated in the Company's financial statements at cost less accumulated impairment losses, if any.

Goodwill

Goodwill acquired in a business combination is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses. Goodwill arising on consolidation represents the excess of cost of business combination over the Group's interest in the net fair values of the identifiable assets, liabilities and contingent liabilities recognised of the acquiree at the date of the combination.

Goodwill is not amortised. Instead, it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Goodwill (cont'd)

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. Any impairment loss is recognised immediately in the consolidated profit or loss and any impairment loss recognised for goodwill is not subsequently reversed.

On disposal of an entity or operation, the goodwill associated with the entity or operation disposed of is included in the carrying amount of the entity or operation when determining the gain or loss on disposal.

Impairment of Assets Excluding Goodwill

At each balance sheet date, the Group and the Company review the carrying amounts of their assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Where it is not possible to estimate the recoverable amount of an individual asset, the Group and the Company estimate the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case, the impairment loss is treated as a revaluation decrease to the extent that the impairment loss does not exceed the amount held in the asset revaluation reserve for the same asset.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but the increased carrying amount would not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on the "First-in, First-out" method. The cost of raw materials, packing materials, spare parts and goods-in-transit comprise the original purchase price plus cost incurred in bringing the inventories to their present location. The cost of finished goods and work-in-progress comprise the cost of raw materials, direct labour and an appropriate proportion of production overheads. Net realisable value represents the estimated selling price for inventories and all estimated costs to completion and costs necessary to make the sale.

Receivables

Receivables are reduced by the appropriate allowances for estimated irrecoverable amounts. Allowance for doubtful debts is made based on estimates of possible losses which may arise from non-collection of certain receivable accounts.

Treasury Shares

Shares repurchased by the Company are held as treasury shares, and are stated at the cost of repurchases, including directly attributable costs.

Cash Flow Statements

The Group and the Company adopt the indirect method in the preparation of the cash flow statements.

Cash equivalents are short-term, highly liquid investments with maturities of three months or less from the date of acquisition and are readily convertible to cash with insignificant risks of changes in value.

Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's and the Company's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Judgements made by the management in the application of FRSs that have a significant effect on the financial statements and estimates with a significant risk of material adjustment in the next financial year include:

(a) Impairment of Property, Plant and Equipment

The carrying amounts of property, plant and equipment of the Group and of the Company as of March 31, 2009 were RM30,235,854.

The Group and the Company assess impairment of assets whenever the events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable i.e. the carrying amount of the asset is more than the recoverable amount.

As of March 31, 2009, the Group and the Company carried out an assessment on the property, plant and equipment and concluded that there is no indication that the carrying amounts of the property, plant and equipment may not be recovered.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Critical accounting judgements and key sources of estimation uncertainty (cont'd)

(b) Estimated Useful Lives of Property, Plant and Equipment

The Group regularly reviews the estimated useful lives of property, plant and equipment based on factors such as business plan and strategies, expected level of usage and future technological developments. Future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned above. A reduction in the estimated useful lives of property, plant and equipment would increase the recorded depreciation and decrease the value of property, plant and equipment.

(c) Recoverability of Receivables

The carrying amounts of third-party trade and other receivables of the Group and of the Company as of March 31, 2009 were RM11,512,951.

The allowance is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original term of receivables. This is determined based on the ageing profile and collection patterns.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Segment information is presented in respect of the Group's business segment. The primary format, business segment, is based on the Group's management and internal reporting structure.

Business Segment

For management purposes, the Group is organised into trading and manufacturing divisions. Inter-segment pricing is determined based on negotiated terms.

Unallocated assets and liabilities include items that cannot be reasonably allocated to individual segment.

11. INCOME TAX EXPENSE (cont'd)

As of March 31, 2009, the Company has tax-exempt account balance of approximately RM3,800,000 (2008: RM3,000,000). The tax-exempt account, which is subject to approval by the tax authorities, arose from tax-exempt dividend received. The tax-exempt account is available for distribution as tax-exempt dividends to the shareholders of the Company.

As of March 31, 2009, the subsidiary companies have tax credits and tax-exempt accounts balances of approximately RM3,911,000 (2008: RM4,060,000) and RM6,013,000 (2008: RM7,700,000) respectively. The tax-exempt accounts, which are subject to approval by the tax authorities, arose from reinvestment allowances claimed and utilised under Schedule 7A of the Income Tax Act, 1967 and chargeable income waived in 1999 in accordance with the Income Tax (Amendment) Act, 1999. The tax-exempt accounts are available for distribution as tax-exempt dividends to the shareholders of the Company.

Bhd., an independent firm of professional valuers using the "Open Market Value on Existing Use" basis. As allowed by the transitional provision of FRS 117, Leases, the Group retained the unamortised revalued amounts as surrogate costs of prepaid lease payments. Such prepaid lease payments shall be amortised over the remaining lease terms.

Leasehold land of the Group with total carrying value of RM1,540,789 (2008: RM1,576,941) are charged to local licensed banks for facilities granted to the Group as mentioned in Note 27.

15. INVESTMENT PROPERTY

The Group	Long-term leasehold shop office 2009 RM	2008 RM
At fair value:		
Balance at beginning and at end of year	800,000	800,000

The fair value of the investment property as of March 31, 2008 had been arrived at on the basis of valuation carried out on September 13, 2006 by Mr. Subramaniam A/L Arumugam, registered valuer of Colliers, Jordan Lee & Jaafar Sdn. Bhd., an independent firm of professional valuers using the "Open Market Value on Existing Use" basis. No independent valuation by professional valuers was performed during the current financial year. The fair value of the investment property as of March 31, 2009 was determined by the Directors based on various studies conducted which reasonably reflect market conditions of similar properties at the balance sheet date.

The investment property has been charged to a licensed bank for banking facilities granted to the Group as disclosed in Note 27.

Rental income derived from investment property during the year was RM45,600 (2008: RM43,800). Direct operating expenses arising from investment property that generated rental income during the year were RM2,066 (2008: RM2,066).

The Group considers the subsidiary company, Scanwolf Building Materials Sdn. Bhd., and the legal parent company under the reverse acquisition as a single CGU and the carrying amounts of goodwill were allocated to the respective company.

The recoverable amount of a CGU was determined based on value-in-use calculations. These calculations use cash flow projections based on a financial forecast, approved by management, covering a period of 5 years from financial year 2009 to 2013. The following key assumptions were used to generate the financial forecast:

Sales volume growth rate	10% per annum
Discount rate	7.55%

The above key assumptions were determined based on business past performance and management's expectations of market development.

During the financial year, the Company repurchased a total of 268,900 (2008: Nil) of its issued shares from the open market for a total cost of RM91,274 (2008: Nil). The average price paid for the shares repurchased during the year was RM0.34 (2008: Nil) per share. The repurchase transactions were financed by internally generated funds. The shares repurchased are being held as Treasury Shares in accordance with the requirements of Section 67A of the Companies Act, 1965.

As of March 31, 2009, 268,900 (2008: Nil) out of the total of 80,000,000 (2008: 80,000,000) issued and fully paid ordinary shares are held as Treasury Shares by the Company. The number of ordinary shares of RM0.50 each in issue and fully paid as of March 31, 2009 after excluding the Treasury Shares is 7,973,100 (2008: 80,000,000).

The mandate given by the shareholders will expire at the forthcoming AGM and an ordinary resolution will be tabled at the AGM for shareholders to grant a fresh mandate for another year.

	7,606,939	9,476,557	3,943,738	5,017,156

Share Premium

Share premium represents the excess of the issue price over the par value of the ordinary shares of the Company, net of share issue expenses of RM1,564,661 (2008: RM1,561,161).

Revaluation Reserve

	The Group	
	2009 RM	2008 RM
At beginning and at end of year	1,482,638	1,482,638

The revaluation reserve arose from the revaluation of land and buildings as mentioned in Note 13 and 14. When revalued land or buildings are sold, the portion of the revaluation reserve that relates to the assets which is effectively realised, is transferred directly to retained earnings.

23. RESERVES (cont'd)

Reverse Acquisition Reserve

Reverse acquisition reserve arose from the reverse acquisition of the Company by SPI Group in 2008 as follows:

	The Group	
	2009 RM	2008 RM
Paid-up share capital of the Company immediately prior to the reverse acquisition	2	2
Shares issued by the Company to acquire SPI Group	21,824,076	21,824,076

Equity instruments deemed issued to the owner of the legal parent	(2)	(2)
	19,524,076	19,524,076

Retained Earnings

Distributable reserves are those available for distribution by way of dividends. Subject to agreement by the Inland Revenue Board, the tax-exempt accounts of the Company as mentioned in Note 11 are sufficient to frank dividends out of its entire retained earnings as of March 31, 2009 without having to incur any additional income tax. Any dividends declared and proposed out of the aforesaid tax-exempt accounts will be tax-exempted in the hands of shareholders.

The Malaysian Budget 2008 introduced a single tier company income tax system with effect from year of assessment 2008. Under this system, tax on profits of companies is a final tax and dividend distributed will be exempted from tax in the hands of the shareholders. The recipient of the dividend will not be able to claim any tax credit as in the previous imputation system. Companies without Section 108 tax credit balance will automatically move to the single tier tax system on January 1, 2008 whilst companies with such tax credit are given an irrevocable option to elect for the single tier company income tax system or continue to use the tax credit balance in Section 108 account for the purpose of dividend distribution during the transitional period of 6 years until December 31, 2013. For those companies which elect to continue to use its Section 108 tax credit, the tax credit balance in Section 108 account as of December 31, 2007 is available for carry forward and to be used during the 6 years transitional period and additional tax paid during the 6 years transitional period will not be added to the Section 108 account. All companies will switch over to the new system on January 1, 2014.

As of March 31, 2009, the Company has yet to make the irrevocable option to disregard the balance of the tax credits and switch over to the new system.

	3,197,702	-	4	-

A first and final dividend of 6%, tax-exempt, amounting to RM2,400,000 proposed in respect of the financial year ended March 31, 2008 and dealt with in the previous Directors' report, was paid by the Company on August 12, 2008.

An interim dividend of 2%, tax-exempt, amounting to RM797,702 declared in respect of the current financial year, was paid on January 8, 2009.

The Directors have proposed a final dividend of 4%, tax-exempt, in respect of the financial year ended March 31, 2009. The proposed dividend is subject to approval by the shareholders at the forthcoming Annual General Meeting of the Company and has not been included as a liability in the financial statements.

30. FINANCIAL INSTRUMENTS

Financial instruments are contracts that give rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

Financial Risk Management Objectives and Policies

The operations of the Group and of the Company are subject to a variety of financial risks, including foreign currency risk, interest rate risk, credit risk, liquidity risk and cash flow risk. The Group's and the Company's principal objective is to minimise their exposure to risks and/or costs associated with the financing, investing and operating activities of the Group and of the Company.

Foreign currency risk

The Group is exposed to foreign currency risk as a result of its trade and non-trade activities in currencies other than its functional currency, Ringgit Malaysia ("RM"). The management do not consider the Group's exposure to foreign exchange risk significant as of March 31, 2009.

Interest rate risk

The Group and the Company finance their operations by a mixture of internal funds and bank and other borrowings. The Group and the Company regularly review the interest rate profile of borrowings against prevailing and anticipated market rates. The repayment and maturity profiles of borrowings are structured after taking into consideration the cash inflows expected to be generated from the underlying assets or operations and the economic life of the assets or operations being financed.

The Group's and the Company's policy is to borrow both on the fixed and floating rate basis. The objective for the mix between fixed and floating rate borrowings is set to reduce the impact of an upward change in interest rates while enabling benefits to be enjoyed if interest rates fall.

Credit risk

The Group's exposure to credit risk is mainly from trade receivables. The Group extends credit to its customers based upon careful evaluation of the customer's financial condition and credit history. A credit committee is also formed by the Group to monitor credit controls of the Group through monthly meetings.

Liquidity and cash flow risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has built an appropriate liquidity risk management framework for the management of the Group's and the Company's short, medium and long-term funding and liquidity management requirements. The Group and the Company manage liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and financial liabilities.

Financial Assets

The Group's principal financial assets are cash and bank balances, and trade and other receivables while the Company's principal financial assets are cash and bank balances, and amount owing by a subsidiary company.

The accounting policies applicable to the major financial assets are as disclosed in Note 3.

30. FINANCIAL INSTRUMENTS (cont'd)

Financial Liabilities

The Group's principal financial liabilities include trade and other payables, borrowings and hire-purchase payables. The Company's principal financial liability is other payables.

Borrowings are recorded at proceeds received. Finance charges are accounted for on accrual basis.

Off Balance Sheet Derivative Financial Instruments

The Group enters into various financial derivative transactions to control and manage financial risks arising from its operations. The use of derivative instruments is to manage its exposure to fluctuations in foreign currency exchange rates. These instruments are not recognised in the financial statements on inception.

Foreign Currency Forward Contracts

Foreign currency forward contracts are entered into by the Group to limit its exposure to fluctuations in foreign currency exchange rates on foreign receipts and payments.

The following table details the foreign currency forward contracts outstanding as at balance sheet date:

	Average exchange rate per unit of Ringgit Malaysia		The Group	
Notional Amount	**2009**	**2008**	**2009 RM**	**2008 RM**
United States Dollar	-	3.18	-	1,240,200

The above contracts mature within three months from the balance sheet date.

Fair Values of Financial Instruments

The carrying amounts of the short-term financial assets and financial liabilities approximate their fair values due to the relatively short-term maturity of these financial instruments.

The fair values of hire-purchase payables are estimated using discounted cash flow analysis based on the current borrowing rates for similar types of hire-purchase arrangements. There is no material difference between the carrying amounts and the estimated fair values of the hire-purchase payables.

The fair value of foreign currency forward contract in the prior year was calculated by reference to the current rate for contract with similar maturity profiles and approximates to its carrying amount as of March 31, 2008.

31. CASH FLOW STATEMENTS

(a) Purchase of property, plant and equipment

Property, plant and equipment were acquired by the following means:

	The Group	
	2009 RM	2008 RM
Cash purchase	2,394,114	5,439,507
Transfered from deposits	1,471,976	-
Hire-purchase financing	460,500	602,000
	4,326,590	6,041,507

The principal amount of instalment repayments for property, plant and equipment acquired by hire-purchase are reflected as cash outflows from financing activities.

(b) Cash and cash equivalents

Cash and cash equivalents of the Group and of the Company comprise cash and bank balances amounting to RM1,321,664 and RM15,919 (2008: RM1,566,633 and RM60,810) respectively.

32. CAPITAL COMMITMENTS

As of March 31, 2009, the Group has the following capital commitment in respect of property, plant and equipment:

	The Group		The Company	
	2009 RM	2008 RM	2009 RM	2008 RM
Capital expenditure approved and contracted for	3,461,245	3,040,260	3,461,245	2,968,560
